Professional Experience

Software Developer (Web)

Edumatica - Bengaluru (Dec 2023 – Present)

- Developed and maintained dynamic web applications using HTML, CSS, JavaScript, and React.js
- Collaborated with cross-functional teams to design, develop, and deploy new features.
- Optimized website performance and enhanced user experience through responsive design and efficient coding practices.
- Implemented CRUD operations and API integrations to manage data and improve functionality.
- Utilized Git and GitHub for version control and project management.

Certifications | Internships

Geekster | Geekster Coding Bootcamp

- Achieved expertise in DSA by successfully solving over 100 coding questions on the Geekster platform
- Demonstrated coding skills by actively participating in various coding contests organized by the Geekster platform
- Proficient in technical skills such as JavaScript, HTML, CSS , React.js , Data Structure and Algorithms.

Projects

Mini Shopping App [[Github-Link](#)] [[Host-Link](#)]

- Build Log in Origin App with React.js provides products data with user friendly interface to see details and add to cart product in cart, delete item from the cart, Login page included for safety and secure purpose.
- This project allows users to log in and access a Host-Link home page where they can add items to their cart, view item details, and remove items from their cart. Additionally, users can filter the list of users by gender by clicking on a radio button.

Tech Stack : HTML, CSS, JavaScript , React.js

Directory App [[GitHub-Link](#)] [[Host-Link](#)]

- The React Directory App is a powerful and user-friendly web application designed to help users navigate through a vast collection of items effortlessly. Whether you're managing a List of person's or any other type of entity, this app is a perfect fit for organizing and presenting your data in an intuitive manner.
- CRUD operations to manage tasks . Task Creation, Deletion, save, and Filtering the List of data using Adhar number .

Tech Stack : HTML, CSS, JavaScript , React.js

Skills

- **Computer Language** : JavaScript
 - **Frameworks / Libraries** : ReactJS, Redux, React-Router-DOM.
 - **Additional Courses** : Data Structure and Algorithms (JavaScript)
 - **Tools & Technologies** : GitHub, VS code
-

Education

Year	Degree/Examination	Institution/ Board	Percentage/CGPA
2020	B.Tech (C.S.E)	AKTU	6.6 CGPA
2014	12th	J.D S.V.M.I.C	82.3 %
2011	10th	National Inter College	63.0 %

Achievements and Co-Curricular Activities

-
- Completed JavaScript Questions on [FreeCodeCamp](#) on various topics , like Basic data Structure, Basic JavaScript, Basic Algorithm Scripting, Functional Programming.
 - Solved 100+ [LeetCode](#) problems using JavaScript, showcasing strong problem-solving abilities and algorithmic thinking.
